WOMEN PAY TAXES

WOMEN SHOULD VOTE

292 CLAY STREET,
PORTLAND, OREGON, Nov 8th, '10

My Dear Mrs. Hanna,

Your campaign [?] is masterly. I have tried to get time to write this acknowledgement ever since it reached me, But today brings me my first leisure moment. Time will tell which state has led the better way.

It was unfortunate that two states so near together should have had a campaign on in such a way that neither could help the other. But it is all right anyway. The movement is ripening for fruition. If one state wins the other will emulate its methods. If both win we'll join in a jubilee. If neither wins we'll make a district federation and pool our issues.

Do you propose to go on with Votes for Women? If so I will do all I can to help.

Cordially, Yours for Liberty,
Abigale Scott Duniway
